

Quail Run Trash Service and Recycling Guidelines

- Trash is picked up every Tuesday and recycling (blue cart and blue tub) is every other Tuesday. See the monthly newsletter for more details regarding holiday schedules and recycle days.
- Yard debris cart (gray cart) is picked up every other Tuesday – opposite week of the recycling (blue containers).
- Carts must be at the paved curb by 7 AM on the day of pick up, and no earlier than 3 PM the previous day. All carts must be removed from the street by the end of the day garbage is picked up.
- When placing carts at curbside, do not block courtyard entrances. Sanipac trucks will not drive into any of the courtyards or on any brick lined areas in the north or south ends of Quail Run.
- Please leave 3 feet of spacing between each cart when placing them at curbside. Garbage trucks are automated and the driver needs this space to attach the carts to the truck forklift.
- Trash carts must be stored out of sight during the rest of the week (in the garage or in areas alongside or behind the home).
- If you need trash cart or recycling carts/tubs, please contact the Quail Run HOA office. The homeowner's association pays for the service, and because it is a commercial account, only the office can issue directives in changing any of the service.
- Standard per home: one small green cart for trash, one large blue cart for comingled recycle and one small blue tub for glass recycling only.
- Individual billing charges: you may open a personal account for a gray yard debris cart or should you want to pay for a larger garbage cart. Sanipac can be contacted at (541) 736-3600 or www.sanipac.com.
